Haywood Concrete Products Ltd.

Box 34, Haywood, MB, Canada R0G 0W0

www.haywoodconcrete.com

Summary

We are seeking a multitalented Industrial Mechanic Assistant to join the maintenance team at our pre-cast concrete manufacturing plant in Haywood, MB. This entry level job works alongside the Industrial Mechanic to help repair building systems and various industrial equipment. This full-time position typically operates Monday to Friday, all year round (not seasonal)

Duties & Responsibilities

- Install, maintain, and repair industrial machinery and mechanical systems.
- Perform preventive maintenance, troubleshooting, and repairs on industrial machinery and equipment. This may involve after hours / weekend call outs.
- Assist with the inspection and diagnosis of mechanical issues
- Read and interpret blueprints, schematics, and technical drawings.
- Collaborate with production and operations teams to ensure optimal equipment performance.
- Maintain accurate maintenance records and documentation.
- Adhere to safety standards and company policies.

Qualifications:

- Valid Class 5 driver's license and reliable transportation to work each day
- Relevant experience in an industrial or manufacturing environment.
- Strong mechanical and problem-solving skills.
- Basic knowledge of mechanical, hydraulic, and pneumatic systems.
- Ability to read and interpret blueprints, manuals, and diagrams is an asset
- Proficiency in welding, machining, and fabrication is an asset.
- Experience with concrete plant equipment (conveyors, overhead cranes, extruders, etc.) is a definite asset.

Why Work With Us?

- Competitive wages with the ability to grow with gained experience
- COR certified, safe and respectful work environment and well-maintained equipment
- Canada Life benefits program including health and dental
- RRSP matching program
